# Rawlins DR 75C

## Continuous Steam Cleaner & Vac

### Specifications:

Voltage (V / ph / Hz):	230 / 1 / 50
Power (Watts):	3000
Motor power (Watts):	1000
Cleaning pressure (bar):	5
Boiler temperature max. (°C)	150
Steam volume (G / min):	0 - 76
Boiler volume (l):	2.7
Water tank volume (l):	7
Reserve water tank (l):	1.7
Water lift (mm / H2O):	1000 - 2200
Air flow (litres per sec):	47
Weight (kg):	12
Dimensions (cm):	45 x 29 x 47

### Features and Benefits

- Continuous use with vacuum
- Mid size – great value
- 100% first year capital allowance

- High temperature steam completely sterilises and sanitises, killing germs and bacteria, it breaks down grease, deodorises, all without the need for chemicals.
- Businesses purchasing this product are able to benefit from 100% first year capital allowance, due to the DR75C being included on the ECA Water Technology List (see: [www.eca-water.gov.uk](http://www.eca-water.gov.uk))
- Ideal for hospitals, nursing homes, schools, gymnasiums etc
- Controls for steaming and vacuuming conveniently located on the handle
- Infinitely variable steam adjustment
- Compact cleaner is easy to manoeuvre and store
- Steam cleaning uses less water to do the same job as traditional cleaning methods.
- Costs are saved on the associated supply, treatment and disposal of water as well as on the reduction in the use of chemicals in the cleaning programme.
- Safety features include a boiler pressure switch and thermostat, a heater element thermostat and a mechanical safety valve
- Blowing feature, expels air from the machine to blast away dust and cobwebs in hard to reach areas (behind radiators, cooker hoods etc.)

### Included Accessories

- Suction and steam hose
- 2 x extension tubes
- Floor tool with interchangeable heads
- Window and tile tool
- Round and triangular brush tool
- Crevice lance
- 3 brushes for crevice tool
- Detail nozzle for crevice tool
- Brush for detail nozzle
- Filling bottle

### Optional Accessories

- Carpet spot cleaning tool
- Trolley to carry tools and raise the working height of the machine
