## Features and Benefits

-  2 Year motor warranty
-  5+ gallons waterpick up
-  Wide stable base to avoid tipping

- Wet or dry use dual purpose machine ideal for workshops or wet pick-up after scrubbing floors (23 litre water capacity)
- Powerful 1100 watt long life motor
- Large dolly protects furniture and adds stability
- Optional 36mm kit allows machine to be used for normal vacuum cleaning as well
- No damage done if water is accidentally picked up while in dry vacuuming mode
- 2 year motor warranty
- Tub vacuum cleaners for professionals that survive heavy constant use. However, on the rare occasions where maintenance is needed, spare parts can be replaced easily without resorting to service engineers. For example:
  - Interlocking tubes that can be pulled apart
  - Replacement hose end connections
  - Simple cable access
  - Snap on wheels

## Included Accessories

- Suction hose with hand grip
- Two extension tubes
- 40cm width floor tool with brush suitable for hard floors
- 40cm squeegee floor tool
- Crevice nozzle
- Dusting brush
